3 Ways to Add Power Storage to Grid-Tie System
Grid-tie systems fully rely on the grid and grid-tie inverters can't be paired with batteries. Still, there are ways to ensure an energy backup for your house in this case. 1. Option 1: AC-coupled battery system. Solar systems can be AC-coupled or DC-coupled -- learn more in our article. You can add an AC-coupled battery system to an existing solar ...
