

Huawei Belgium Energy Storage Power Plant Project

Where is NHOA Energy delivering a 400 MWh battery energy storage system?

Kallo, 14 May 2025 - NHOA Energy, the global provider of utility-scale energy storage systems, today celebrated with ENGIE the groundbreaking of a 400 MWh battery energy storage system (BESS) in Kallo, Beveren, Belgium. The project will be delivered by NHOA Energy to ENGIE under a supply contract and a long-term service agreement.

How much battery storage does Belgium have?

Belgium's battery storage buildout remains modest relative to peer nations. As of 2023, the country had under 200 MWh of operational large-scale battery capacity, compared to over 2 GWh in the UK and more than 1 GWh in Germany.

Is grid reliability a key challenge for Belgium?

As Belgium prepares for the 2025 nuclear phase-out, grid reliability is emerging as a central challenge.
