

Feb 1, 2025 · The combined use of solar and wind energy can significantly reduce storage requirements, and the extent of the reduction depends on local weather conditions. The ...

Mar 20, 2025 · The new EU Battery Regulation represents a significant shift in the way batteries are manufactured, imported, distributed, and managed, particularly for the solar energy ...

Feb 1, 2024 · Wind and solar energy production are plagued, in addition to short-term variability, by significant seasonal variability. The aim of this work is to show the variability of wind and ...

Feb 26, 2025 · Indian Central Electricity Authority has advised energy storage should be a requirement for all state-run solar PV tenders.

Jun 7, 2023 · Home builders are key to the shift towards solar energy. Read about the new Title 24 build requirements which mandate the adoption of ...

Mar 22, 2025 · New renewable energy plants in China will no longer be required to build storage in order to secure development rights and grid connection. Since introduced in 2022, policy ...

Feb 8, 2025 · Recent advancements in solar energy storage technologies, including lithium-ion battery enhancements and innovative thermal ...

Dec 20, 2021 · The state has updated its Build Energy Efficiency Standards to include requirements for solar plus storage on all commercial and ...

Nov 11, 2025 · Technology costs for battery storage continue to drop quickly, largely owing to the rapid scale-up of battery manufacturing for electric ...

Energy Storage Requirement: Every new solar project, regardless of size, must include a minimum of 2 hours of energy storage capacity. This will ...

Dec 7, 2024 · The recent new national policy on new energy storage (released February 2025) has thrown open the doors to innovation, scrapping one-size-fits-all mandates in favor of ...

Aug 11, 2021 · Innovative and brand new solar markets have changed the photovoltaic (PV) systems across the country in recent decades. ...

New requirements for solar energy storage

Jul 29, 2025 · A closer look at FEOC restrictions today as they apply to technology-neutral tax credits for solar and energy storage projects.
